PART 951—TOKAY GRAPES GROWN IN CALIFORNIA

REGULATION BY GRADES AND SIZES

§ 951.301 Tokay Grape Order 1—(a) Findings. (1) Pursuant to the market-

ing agreement, as amended, and Order No. 51, as amended (7 CFR, Cum. Supp., 951.1 et seq.), regulating the handling of Tokay grapes grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Industry Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of Tokay grapes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and the 30-day effective date requirements of the Administrative Procedure Act (Pub. (b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., August 16, 1947, and ending at 12:01 a. m., P. s. t., December 1, 1947, no shipper shall ship:

No. 1 Table Grapes, as defined in the United States Standards for Table Grapes (11 F. R. 13568): *Provided*, That, in addition to the tolerances provided for said U. S. No. 1 Table Grapes, there shall be allowed, for each container of Tokay grapes, an aggregate tolerance of ten (10) percent, by weight, for defects not considered serious damage, and for bunches smaller than the minimum size specified for said U. S. No. 1 Table Grapes; or

(ii) From the Lodi District, any Tokay grapes produced in such district which do not meet the grade and size requirements of U. S. No. 1 Table Grapes, as defined in the aforesaid United States Standards.

(2) As used in this section, the terms "shipper," "ship," "Florin District," "Lodi District," "district," "size," and "bunches" shall have the same meaning as when used in the amended marketing agreement and order, and the term "serious damage" shall have the same meaning as set forth in the aforesaid United States Standards. [Project Nos. 1956, 1965]

LYLES FORD TRI-COUNTY POWER AUTHORITY AND SOUTH CAROLINA ELECTRIC & GAS CO.

ORDER CONSOLIDATING PROCEEDINGS AND FIXING DATE OF HEARING

AUGUST 7, 1947.

(1) On September 9, 1946, the Lyles Ford Tri-County Power Authority (the Authority), a municipal corporation, of Union, South Carolina, filed an application for preliminary permit under the Federal Power Act for a proposed hydroelectric development (Project No. 1956) to be located on Broad and Congaree Rivers in South Carolina, the project facilities, exclusive of transmission lines, to be located in Chester, Fairfield, Laurens, Lexington, Newberry, Richland and Union Counties, South Carolina. The permit, if issued, will be for the sole purpose of maintaining priority of application for a license for the project under the act for a period not exceeding a total of three years as may be necessary for making examinations and surveys, for preparing maps, plans, specifications, and estimates, and for making financial arrangements. The proposed project will consist of three units known respectively as the Blairs and Frost Shoals developments on Broad River and Columbia Regulating Dam on Congaree River. Each unit of development will consist of a dam, reservoir, powerhouse and appurtenant facilities.

(2) On January 27, 1947, the South Carolina Electric & Gas Company (the South Carolina Company), of Columbia, South Carolina, filed an application for preliminary permit under the Federal Power Act for a proposed hydroelectric development (Project No. 1965) to be

located on Saluda River in Richland and Lexington Counties, South Carolina. The proposed project, known as the Lower Saluda development, will consist of a dam and powerhouse to be located about 1 mile above the mouth of Saluda River.

(3) Public notice of the filing of the two applications has been given as required by the act.

(4) The Authority has filed a protest against the granting of the application for preliminary permit for the South Carolina Company's Project No. 1965 and the latter company has in turn protested the granting of the application for preliminary permit for the Authority's Project No. 1956. It appears that the Columbia Regulating Dam on Congaree River proposed by the Authority would raise the water level of the Saluda River to an elevation sufficient to flood the dam site which the South Carolina Company proposes to utilize on that river. Therefore, it is apparent that the plans for Project No. 1956 and Project No. 1965 are in conflict.

The Commission finds that it is desirable and in the public interest to consolidate these two matters for the purpose of a hearing and to hold such a hearing respecting the matters involved and the issues raised in the two proceedings.

It is ordered, That a public hearing be held concerning these matters commencing on Tuesday, September 23, 1947 at 10:00 a. m. (e. s. t.) in the Federal Court Room, U. S. Court House, Columbia, South Carolina.

Date of issuance: August 12, 1947.

PORTLAND GAS & COKE CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Philadelphia, Pa., on the 8th day of August A. D. 1947.

Portland Gas & Coke Company ("Portland"), a gas utility subsidiary of American Power & Light Company ("American"), a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company, having filed an application, and amendment thereto, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 with respect to the following transactions:

Portland proposes to issue and sell to Mellon National Bank and Trust Company of Pittsburgh its 3½% installment promissory note in the principal amount of \$4,500,000, payable in sixteen semi-annual installments of \$281,250, com-

mening 30 months after the date of issuance, which is to be on or after August 1, 1947 but not later than September 15, 1947.

The proceeds from the proposed sale of the installment promissory note will be applied to the retirement of all of Portland's presently outstanding unsecured debt consisting of \$400,000 principal amount of 1 3/4% Serial Notes due 1947 to 1951 and \$1,750,000 principal amount of 2 3/4% Bank Notes due 1948 to 1950. The \$2,350,000 balance of the proceeds will be used to construct additional facilities which Portland states are essential to ensure a continuity of adequate gas service. It is further stated that the present facilities of Portland do not have adequate capacity to meet prospective demands in the winter of 1947-1948 and failure to install additional facilities promptly may result in thousands of customers being without service during periods of moderately cold weather.

In the loan agreement, pursuant to which the installment note will be issued, Mellon National Bank and Trust Company represents that it is purchasing the note for investment purposes and has no present intention of making any disposition of such note. In its application Portland states that no finder's fee or other fee, commission or remuneration is to be paid in connection with the proposed transactions to any third person for negotiating the sale of the note.

The proposed transactions are subject to the jurisdiction of Oregon Commissioner of Public Utilities and the Washington Department of Public Utilities. Each of the foregoing regulatory bodies has expressly authorized the proposed transaction.

The application having been filed on July 21, 1947 and an amendment thereto having been filed on July 28, 1947, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act and the Commission not having received a request for hearing with respect to said application, as amended, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to the application, as amended, that the requirements of the applicable provisions of the act and the rules thereunder are satisfied and that it is not necessary to impose any terms or conditions, and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that said application, as amended, be granted and deeming it appropriate to grant the request of applicant that the order become effective at the earliest date possible:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24, that said application, as amended, be, and the same hereby is, granted.

By the Commission.

CONSUMERS POWER CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Philadelphia, Pa., on the 8th day of August 1947.

Notice is hereby given that an application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Consumers Power Company ("Consumers"), a public utility subsidiary of The Commonwealth & Southern Corporation, a registered holding company. The applicant-declarant has designated sections 6 and 7 of the act and Rule U-50 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than August 26, 1947 at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said application-declaration, which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania. At any time after August 26, 1947, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said application-declaration, which is on file in the offices of this Commission, for a statement of the transactions therein proposed which are summarized as follows:

Consumers proposes to issue \$25,000,000 principal amount of its First Mortgage Bonds to be dated September 1, 1947 and to mature in 30 years. The bonds are to be issued under and secured by Consumers' indenture dated September 1, 1945, as supplemented by an indenture to be dated September 1, 1947. The bonds will be sold at competitive bidding and the interest rate and the price to be paid to the company, which

shall be not less than 100% nor more than 102 3/4% of the principal amount, exclusive of accrued interest, will be determined by competitive bidding. It is proposed that the coupon rate shall not be greater than 2 7/8%.

The application-declaration states that Consumers will use the proceeds from the sale of the new bonds for the acquisition of property, the construction, completion, extension or improvement of facilities or for the improvement or maintenance of service, or for the discharge or lawful refunding of obligations, or to reimburse its treasury for expenditures made for such purposes. Property additions are contemplated during 1947, 1948 and 1949 in an amount exceeding \$100,000,000.

The application-declaration also requests approval by this Commission of the transfer by Consumers on April 30, 1947 of \$10,607,836.14 from earned surplus to common capital stock account, such sum representing the amount of the company's earned surplus at September 30, 1945 (\$11,952,310.67) less an amount of \$1,344,474.53, representing the balance of Account 107, Electric Plant Adjustments. The indenture securing Consumers' First Mortgage Bonds makes such surplus unavailable for the payment of dividends on its common stock. After making the proposed transfer, there would remain in earned surplus, as of June 30, 1947, \$8,189,851.12.

The application-declaration states that the Michigan Public Service Commission, the state commission of the state in which consumers operates, has approved the proposed transactions.

Consumers requests that the Commission's order herein be issued as soon as possible and that it become effective forthwith.

By the Commission.

Assistant to the Secretary.
